2019 OCCRA Overall Champion Micro Quad
2025 Two Hunter Hart HH Training Camps
2020-2025 Fuel Ministry Offroad Racing Camps
2023 Action Offroad Camp

Bio & Goals

Racing since age six, I'm committed to overcoming challenges and improving, both on and off the track. In July of 2023, while attending a racing camp, I crashed and had an emergency splenectomy, but I came back stronger and more motivated than ever to become the best version of myself. For 2026 I am moving up from Open C to Open A in the adult long course with GPXC (racing up pushes me to be better). I will also be racing several GNCCs in the Schoolboy class (first time racing long course with GNCC). I balance my passion for racing with my academic and athletic responsibilities at school. My focus is on winning, but my priority is on representing my sponsors and acknowledging their vital role in my success. I will do this by proudly thanking my sponsors on the podium, graphics on my race and practice quads, t-shirts with sponsor logos and with social media posts tagging sponsors (my recent Facebook reels had between 45k and 118k views and my last TikTok video had 12k views). I am eager to partner with you and share a year of growth and accomplishments.
